

R·I·T

Common Application Supplement

PERSONAL DATA:

NAME:

Last	First	Middle
------	-------	--------

DATE OF BIRTH: _____
 Month _____ Date _____ Year _____

E-MAIL ADDRESS: _____

APPLICATION STATUS:

Are you applying under RIT's **Early Decision Plan**? Yes ☐ No ☐

Are you applying to RIT's **National Technical Institute for the Deaf**? Yes ☐ No ☐

Are you applying though RIT's **HEOP** Program? Yes ☐ No ☐

Do you wish to attend RIT as a full-time student or part-time (fewer than 12 credits/quarter) student?

Full-time ☐ Part-time ☐

Have you applied to RIT before? Yes ☐ No ☐

If yes, when? _____

Are you an RIT employee or dependent of an RIT employee? Yes ☐ No ☐

Did one (or both) of your parents graduate from RIT? Yes ☐ No ☐

ACADEMIC PROGRAM SELECTION:

Please enter the name and corresponding code of your first choice academic major. If we are unable to offer admission to your first-choice program and you would like to be considered for alternate programs, please list them below in order of preference. (See “Undergraduate Day Program, NTID, and Part-time and Evening Program” codes attached.)

1. _____

Program Name	Program Code
--------------	--------------

2. _____
Program Name **Program Code**

3. _____
Program Name **Program Code**

SIGNATURE:

Your signature below indicates that all information provided in your application is complete, factually correct and honestly prepared. Any misrepresentation of facts may result in refusal or cancellation of admission to RIT.

Signature	Date

Application Instructions

Apply Online: admissions.rit.edu

Applicant Status

You should apply to RIT as a *freshman* if you are currently in secondary school or have graduated from secondary school but have not yet attended college. You should apply to RIT as a *transfer* if you have attended any college *after graduating* from secondary school. Special information regarding admission as an Early Decision freshman, NTID or HEOP candidate is provided below.

Early Decision Plan

If you're applying to RIT as a freshman and have identified RIT as your *first-choice* college, you may want to apply for an early review of your application through our Early Decision Plan. Please note that this plan is not an option for transfer applicants.

To apply for Early Decision, you should check the appropriate box in the Applicant Status section of your application and return your completed form along with all supporting credentials (including transcripts, SAT or ACT scores, and recommendation) by December 1 in order to receive your Early Decision notification by January 15.

Students who select RIT as their first-choice college after December 1 should contact the Undergraduate Admissions Office to discuss consideration options.

If you are accepted to your designated first-choice academic program at RIT under the Early Decision Plan, you must submit a \$300 enrollment deposit by February 15 to reserve your place in the entering class.

Early Decision candidates who are not accepted will, in most cases, be asked to submit midyear senior grades and will be reviewed a second time as part of the Regular Decision group of applicants. Candidates who are accepted to an alternate (second- or third-choice) program of study may request to be released from the conditions of the Early Decision Plan.

Early Decision candidates who desire an early estimate of financial aid eligibility should submit an "early version" financial aid application to RIT. This form will be mailed to all Early Decision applicants for admission.

Regular Decision Plan

Most applications for admission to RIT are reviewed under our Regular Decision Plan. All transfer applicants, international applicants, and freshman applicants other than those choosing to apply as Early Decision candidates (see above) are reviewed as Regular Decision candidates.

Under this plan, freshman applicants for fall quarter (September) entry who have provided *all* required application materials by February 1 will receive admission notification by March 15. Freshmen who apply for fall quarter admission after February 1 are notified of admission decisions on a space-available basis four to six weeks after their application is complete. Candidates who submit their applications and academic records by February 1 will be considered for RIT's merit-based scholarship programs (academic and extracurricular) and the RIT Honors program.

All applications for transfer admission, and all freshman applications for winter, spring, or summer quarter entry, are reviewed on a "rolling" basis, with notification letters mailed four to six weeks after the application is complete. All applications filed by international students are also reviewed and notified on a "rolling" basis.

Deaf and Hard-of-Hearing Applicants

Deaf or hard-of-hearing students may apply for admission to programs offered at the National Technical Institute for the Deaf (NTID) or to any other college of RIT. *Applicants should check the appropriate box in the Applicant Status section of the application in order to apply for educational access and support services (such as sign language interpreters, speech-to-text translation services, notetakers, tutors), and to receive the federally supported tuition rate for deaf and hard-of-hearing students.*

Applications for NTID's associate degree programs are reviewed on a "rolling" basis, with admission notification four to six weeks after all materials have been received. Applicants seeking admission to programs offered by other RIT colleges should follow the application instructions for RIT's Early Decision or Regular Decision Plan.

Higher Education Opportunity Program

The Higher Education Opportunity Program (HEOP) provides educationally and financially disadvantaged residents of New York State with access to independent colleges and universities throughout the state by providing special academic support services and financial assistance.

New York State residents who wish to be considered for admission through HEOP should check the box for HEOP admission in the Applicant Status section. HEOP candidates must also be prepared to submit financial documentation to determine HEOP eligibility. The Undergraduate Admissions Office will request this information once your application has been received. *Please contact our HEOP Office at (585) 475-2221 to discuss HEOP financial eligibility guidelines before applying.*

Undergraduate Day Programs

College of Applied Science & Technology

Program Code	Engineering Technology*
ITFC	Civil Engineering Technology
ITFP	Computer Engineering Technology
ITFE	Electrical Engineering Technology
ITFL	Electrical/Mechanical Engineering Technology
ITFF	Manufacturing Engineering Technology
ITFM	Mechanical Engineering Technology
ITFG	Telecommunications Engineering Technology–Management
ITFT	Telecommunications Engineering Technology–Technical
ITFZ	Undeclared Engineering Technology

**Please note that the engineering technology degree programs offered in RIT's College of Applied Science and Technology differ in focus and entrance requirements from programs offered in RIT's College of Engineering. Please review admission materials for additional information before choosing your program.*
